All staff have complied with a Criminal History Screening and hold a current First Aid Certificate and have completed Responding to Abuse and Neglect Training and regularly attend training to meet the needs of children in their care. eg. Asthma training.

The Clare OSHC staff team are committed, trained professionals who cater for children's individual needs and bring to the program enthusiasm and a range of unique

skills and experiences.

The staff team work varied hours and shifts. All Educators have sufficient First Aid in line with OSHC standards. All staff will be interviewed by the Director prior to employment and are required to under-go a Police check in line with service policy at the time of employment.

Professional development is important for staff and the OSHC Committee takes pride in covering costs for some training and development to promote staff's knowledge and contribute towards the quality child care offered. Staff members regularly participate in meetings to promote National Quality Standards professional development and regular staff meetings. OSHC programs are staffed at a recommended ratio of 1:15. Standards require 1 qualified Reasonable Person per every 30 children. Off site excursions recommend a ratio of 1:8 and 1:5 for swimming activities.

Curriculum

The 'curriculum' includes everything that happens during the day - all of the experiences, routines and interactions. Our curriculum uses the My Time, Our Place (MTOP), which is a framework specifically for children aged 5-13 that places the most importance on the development of your child as a whole, prioritising social and emotional wellbeing, life skills and relationships. Working within this framework helps all children become successful learners, creative and confident individuals and sets the foundations for them to become active and informed citizens. Through the fundamental principles of 'MTOP, staff will program for your child using 5 Learning Outcomes.

Children have a strong sense of identity

Children are connected with and contribute to their world

Children have a strong sense of wellbeing

Children are confident and involved learners

Children are effective communicators

Children grow and learn best in a safe and caring environment. Staff use the daily routines, planned experiences and child initiated play as learning opportunities. Routines include times for group play, individual play, eating, life skills, and cleaning up. The staff meet regularly to discuss and plan for children and for the group as a whole. Observation records are regularly updated for each child and we welcome the opportunity to share these with the child's parents/caregivers. Each child's Primary Educator will develop with your child a Learning Record.

It is important for parents of children of all ages to be involved in and contribute to their learning. It is extremely valuable if you are able to provide us with information about your child, share your knowledge and expertise and get involved in the life of the centre. The more input you have and the more that your child sees you being involved the better the outcomes for your child.

Primary Age Groups

Throughout the centre we use a primary age group system, which is designed to ensure that children are linked to one special person who assumes major responsibility for their care. We believe this system helps children settle quickly, feel safer and helps develop deeper relationships. Parents feel reassured and staff feel more rewarded. Matching a primary caregiver with a age group enables genuine connections to develop. Primary caregivers actively seek to develop an intimate knowledge of interests, development and temperament of the child and care-giving styles of parents. With time and purposeful communication, meaningful relationships develop between caregivers, children and families forming the basis for trusting and secure attachments. To help these relationship we write regular Observations and Programming Tools to assist with programming. The aim is to maintain these relationships during the child's time in care, whenever possible.

Our current grouping are:4 to 6 years olds, 7 to 8 year olds and 9+ year olds

OSHC Procedures and Routines

The Clare OSHC program is licensed to cater for 45 children at any given time. Funding provides 20 Before School Care places, 45 After School Care and Vacation Care places.

Before School Care

Breakfast is supplied between 7.00 and 8.00am.

Parents are required to sign their children into the program. At 8.30am Clare Primary School children are signed out of the program by the educator on duty and make their way to school class rooms. Children who attend St Joseph's and Vineyard schools are escorted across the road and wait with the educator until they are safely on the school bus.

After School Care

Children are signed into the program by staff each night. Parents must sign child/ren out of the program upon departure.

A nutritious, healthy afternoon tea snack is provided at approximately 3.45pm each night. The menu is on display and emailed out weekly.

A program is also located on the desk and emailed out weekly. It details activities on offer. The program is evaluated daily and recorded observations and children's ideas are used to program future activities and events. We encourage families to assist our

programming by adding ideas to the comments page as well as on the program, and encourage children in group and individual discussion to express interests while at OSHC. Please see the Director if you wish to view programs or observations.

Social skills are the responsible behaviour expectations we encourage and promote in the children. They are displayed in the OSHC room for all to see. (see Behaviour Management Policy attached)

A bus-link service is available for children at St Joseph and Vineyard School for children to be delivered to OSHC each afternoon. The children are collected and supervised as they leave the bus drop-off point. Please discuss bus-link services with your school if required.

Vacation Care

Vacation Care booking policy is different from ASC & BSC booking policy - please read carefully for more information

Parents are required to sign their children in and out of the program at the time of arrival or departure respectively.

Vacation Care programs are available two weeks prior to school holidays starting. Programs show detailed events and activities planned, however, a range of free choice, structured and challenging activities are on offer daily.

Children can not attend unless a booking has been made.

Bookings must be made with staff at the OSHC Service and can be taken **three** weeks before holidays actually start.

Excursions are part of the program and may be an added cost to families. We try to keep costs as low as possible.

A consent form must be filled in by families on or preferably before the day of an excursion.

All meals are provided unless stated otherwise on the program if your child/ren will not eat what is on the menu, you will need to provide them with lunch or snack.

We do ask that all children have a water bottle, sun safe hat, appropriate Footwear and sleeves.

Please read the program information on the back of the programmed activities.

Pupil Free Days / School Closure Days

Please check with staff or the school for dates and details.

PRIORITY OF ACCESS POLICY

Priority of Access Guidelines

(Australian Government, Department of Education, Child Care Provider Handbook)

Access must be granted to families in this order:

Priority 1 Children at risk of serious abuse or neglect

Priority 2 A child of a single parent who satisfies, or of parents who both satisfy, the work/training/study test under section 14 of the Family Assistance Act

Priority 3 Any other child

Within these main categories priority should be given to the following children:

- children in Aboriginal and Torres Strait Islander families
- children in families which include a disabled person
- children in families on lower incomes
- children in families with a non-English speaking background
- children in socially isolated families
- children of single parents

There are some circumstances in which a child who is already in a child care service may be required to leave the service.

Any child care service that has no vacant places and is providing care for a child who is a third priority may require that child to leave the service in order for the service to provide a place for a higher priority child.

Outside School Hours Care Services must give school children priority over children who have not yet commenced school. Where an Outside School Hours Care service has no vacant places and is providing care for a child who has not yet commenced school, the service may require that child to leave the service in order for the service to provide a place for a school child.

If demand exceeds available supply of funded places, the service will activate a waiting list to fulfill care responsibilities. The waiting list will be in relation to priority of access guidelines above. It is at the discretion of the Director and OSHC Advisory Committee. Clare OSHC is advertised locally and families are encouraged to use the Clare OSHC Service within the Clare Valley and surrounding region.

Bookings

Bookings must be made at the OSHC service via OSHC staff members. Staff will be available to make bookings from 3.00pm - 6.00pm weeknights and all day excluding excursion times during Vacation Care. Please note that bookings are at the discretion of the Director and staff team, according to the priority of access policy and the waiting list policy currently in place. (See priority of access, waiting list, hours of operation, bookings and cancellations/ cancellation fees details)

Emergency Bookings - It is acceptable to contact the service on the phone or answering machines and place bookings at short notice during the school term for both After School Care and Before School Care.

It is the families' duty to alert child/ren of short notice bookings for After School Care through their school.

Due to full bookings in Vacation Care periods, please do not leave short notice bookings on the answering machine but speak directly to a staff member.

Child/ age attendance

Children who are in primary school attendance are able to attend the Clare OSHC service according to availability of spaces. Children who are four and three quarter years of age can attend the vacation care holidays provided they are due to start school the following term and there are booking spaces.
